

Hi Peoples,

A purpose made boat trailer has gone missing from South Pier some time in the last 3 weeks. Could you ask your members to look out for it and if seen to contact me directly. It is built of galvanised box section and approx 15ft+ long (14.6ft boat). Please see attached diagram. Not shown on the diagram is the jockey wheel which is adjusted by loosening the clamp and not winding it up or down.

Distinguishing marks are:

Light bluish green hubs with suspension
3/4 inch s/steel tie bar on bow post

Kind regards

Paul
